The Honorable Stephen L. Johnson  
Administrator  
U.S. Environmental Protection Agency  
1200 Pennsylvania Avenue, NW  
Washington, DC 20460

Dear Administrator Johnson:

Yesterday, you announced a decision to reject California's efforts to reduce greenhouse gas emissions from automobiles. Prior to making this decision you assured the House Oversight and Government Reform Committee, as well as the state of California and many others, that you would make this decision on the merits.

It does not appear that you fulfilled that commitment. Your decision appears to have ignored the evidence before the agency and the requirements of the Clean Air Act. In fact, reports indicate that you overruled the unanimous recommendations of EPA's legal and technical staffs in rejecting California's petition.

Your decision not only has important consequences to our nation, but it raises serious questions about the integrity of the decision-making process. Accordingly, the Committee has begun an investigation into this matter. To assist our Committee in this inquiry, I request that you provide us with all documents relating to the California waiver request, other than those that are available on the public record. This request includes all communications within the agency and all communications between the agency and persons outside the agency, including persons in the White House, related to the California waiver request. And all agency staff should be notified immediately to preserve all documents relating to the California waiver request.

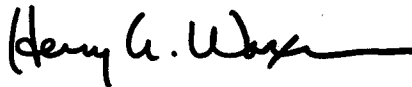

You should produce to the Committee all responsive documents from your office by January 10, 2008. All responsive documents from the Office of Transportation and Air Quality and the Office of General Counsel should be produced by January 17, 2008, and all other responsive documents should be produced by January 23, 2008.

The Honorable Stephen L. Johnson
